NIAR CAREER OPPORTUNITIES

STUDENT ASSISTANT POSITION: PROGRAM COORDINATION

NIAR’s Aircraft Structural Test & Evaluation Center (ASTEC) supports a variety of customers in the military, commercial, and general aviation sectors. The lab is currently looking for a WSU student to hire in a paid part-time position to assist with various program management duties, helping the lab provide quality service to customers and simultaneously gaining valuable real-world experience. Students will need the ability to commute to the NIAR-ASTEC facility in Park City, 10 miles north of WSU main campus.

Duties:
- Coordinating testing, teardown and inspection activities
- Tracking and updating task statuses and project schedules
- Prioritizing tasks and resources to accomplish program goals
- Communicating with customers

Qualifications:
- U.S. Citizen
- Available 20-30 hours per week while classes are in session
- Strong attention to detail
- Team-oriented
- Great communication skills
- Self-motivated and willing to take initiative
- Strong proficiency with Microsoft Office applications
  - Experience with Microsoft Project preferred
